Education

Imperial College Business School, London, UK

Ph.D., Operations Research

2025 (Expected)

Advisor: Professor Wolfram Wiesemann

Fellowship: The Alan Turing Institute (2022-23 Enrichment Placement Student) Ph.D. internship: JP Morgan AI Research (2023 Off-Cycle Research Associate)

Research visit: Professor Aharon Ben-Tal (Technion – Israel Institute of Technology)

M.Res., Operations Research and Business Analytics (Distinction – highest possible award)

2020

Awards: Dean's List for Academic Excellence

Tilburg University, Tilburg, The Netherlands

M.Res., Operations Research (Koopmans Scholar, Cum Laude – highest possible award)

2019

Ozyegin University, Istanbul, Turkey

B.Sc., Industrial Engineering (High Honor – highest possible award)

2017

Awards: Dean's List, ranked 2nd among 125 Faculty of Engineering graduates

Exchange: Queensland University of Technology, Brisbane, Australia Minor: Computer Science (High Honor – highest possible award)

Research Interests

Topics: Data-driven decision making, decision making under uncertainty, ethical decision making via optimization Methodologies: Optimization theory & algorithms, convex analysis, machine learning

Research Papers

Optimal Ethical Decision Making

- Selvi, A., Liu, H., & Wiesemann, W. (2023). Differential privacy via distributionally robust optimization. Major Revision at Operations Research. [Preprint]
 - * Finalist for the 2024 George Nicholson Student Paper Competition
 - * Winner of the 2023 Imperial College Business School Best Analytics & Operations Student Paper Award
 - * Honorable mention prize for the 2023 INFORMS Optimization Society Student Paper Award [Link]
- Selvi, A., Tang, B., Kocyigit, C., Vayanos, P., & Wiesemann, W. (2024). Policy-making for housing allocation using stochastic dynamic programming. Working paper.

Robust Machine Learning

- Belbasi, R., Selvi, A., & Wiesemann, W. (2023). It's all in the mix: Wasserstein ML with mixed features. Major Revision at Manufacturing & Service Operations Management. [Preprint]
- Selvi, A., Kreacic, E., Ghassemi, M., Potluru, V., Balch, T., & Veloso, M. (2024). Distributionally and adversarially robust ML via intersecting Wasserstein balls. Long version to be submitted in October 2024.
 - * Accepted for presentation in 2024 INFORMS Workshop on Data Science
 - * Finalist for the 2024 INFORMS Data Mining Society Best Student Paper Competition
- Selvi, A., Belbasi, R., Haugh M., & Wiesemann, W. (2022). Wasserstein logistic regression with mixed features. NeurIPS22. [Preprint], [NeurIPS proceedings]

Nonconvex Optimization

- Selvi, A., Ben-Tal, A., & Wiesemann, W. (2024). Maximizing the sum of maxima of convex functions. To be submitted in September 2024.
- Selvi, A., Ben-Tal, A., Brekelmans, R., & Den Hertog, D. (2022). Convex maximization via adjustable robust optimization. INFORMS Journal on Computing 34(4):2091-2105. [Preprint]
 - * Winner of the 2021 INFORMS Computing Society Best Student Paper Award [Link]

- Selvi, A., Den Hertog, D., & Wiesemann, W. (2023). A reformulation-linearization technique for optimization over simplices. Mathematical Programming [Short Communication] 197(1):427-447. [Preprint], [Springer]
- Roebers, L., Selvi, A., & Vera, J. (2019). Using column generation to solve extensions to the Markowitz model. The Engineering Economist [Technical Note] 64(3):275-288. [Preprint], [Taylor & Francis]

Awards

Paper Awards

- Finalist: 2024 George Nicholson Student Paper Competition
- Finalist: 2024 INFORMS Data Mining Society Best Student Paper Competition
- Honorable mention: 2023 INFORMS Optimization Society Student Paper Award
- Winner: 2023 Imperial College Business School Best Analytics & Operations Student Paper
- Winner: 2021 INFORMS Computing Society Best Student Paper Award
- Honorable Mention: 2019 INFORMS O.R. & Analytics Student Team Competition

PhD Awards

- Winner (university-wide): 2024 G-Research Imperial College London PhD competition, £5,000 prize
- Fully funded attendance: 2024 NUS Next-Gen Scholar's Symposium
- Fully funded attendance: 2024 Georgia Tech ISyE Junior Researcher Workshop
- PhD Placement Award 2022: 9-month placement at The Alan Turing Institute HQ in London, with a £1,500 financial allowance and £472.5 monthly stipends to support research
 - President's Address 2022: Named by Imperial College London president for global contributions
 - Dean's Reception 2022: Invite-only event by the Dean of Imperial College Business School

Research/Travel Grants

- G-Research Quant PhD Grant: £500 grant supporting international conference travel [May, 2023].
- Sargent Centre PhD Financial Support 2024: £1,500 grant supporting PhD-related costs
- Sargent Centre Research Travel Grant 2024: £300 grant supporting international conference travel
- Sargent Centre Research Travel Grant 2023: £450 grant supporting international conference travel
- SIAM 2023 Student Award: registration and \$800 travel support for SIAM Conference on Optimization
- NeurIPS 2022 Scholar Award: complimentary in-person registration and Hotel stay for attendance

Reviewer Awards

- Best Reviewer Award: ICML 2024
- Outstanding Reviewer: ICML 2022, ICLR 2022
- Top Reviewer: NeurIPS 2022

Teaching Awards

- LSE Teaching Award 2024: Recognised for 'exceptional efforts' by the Academic Staff Reward Committee

Pre-doctoral Awards

- Dean's List: Imperial College London, Ozyegin University
- Undergraduate Scholarship: Ozyegin University Performance Scholarship (awarded to three students)
- Alumni Award: one of the 20 alumni who made a notable contribution to Ozyegin University (2017)
- Graduate Scholarship: Tilburg University Koopmans Scholarship, Imperial College London PhD Funding

Emeritus

Subject matter expert for online certificate course

- Imperial College Professional Certificate in Machine Learning and Artificial Intelligence 2021-2022

Tilburg University

Teaching assistant for masters and undergraduate courses

- 2019 - Mathematics (BSc Social Sciences) 2018
- Decision Making for Business Analytics (MSc Business Analytics and Operations Reseach)

Ozyegin University

Teaching assistant for undergraduate courses

 Operations Research I (BSc Industrial Engineering) 2017 - Productions Systems Analysis (BSc Industrial Engineering) 2017 - Physics 102 (All Engineering Undergraduates) 2016

Skills

Programming: Python, Julia, MATLAB, C++, R, Optimization Solvers, Machine Learning Packages, SQL, IATEX Language: Turkish (Native), Armenian (Native), English (Advanced), German (Beginner)

Memberships & Fellowships

- Fellow: Imperial Business Analytics, Data Science Institute (DSI)
- Member: Computational Optimisation Group at the Department of Computing (Imperial College London)
- Board member (Past): Graduate Student Society and MRes Education Committee of Tilburg University

Service

- Journal Reviewer: Operations Research (2), Management Science (2), Mathematical Programming, Manufacturing & Service Operations Management (2), SIAM Journal on Optimization, Automatica, INFORMS Journal on Computing (3), Mathematical Programming Computation, Computational Management Science, Optimization Letters, Operations Research Letters, European Journal of Operations Research
- Conference Reviewer: ICLR (2022 highlighted reviewer, 2023, 2024), NeurIPS (2021, 2022 Top Reviewer, 2023, 2024 [emergency]), AISTATS (2022, 2023), ICML (2022 outstanding reviewer, invited as a session chair, 2023, 2024 best reviewer award), INFORMS Workshop on Data Science (2024)
 - Program Committee Member: ACM FAccT Conference 2023 (Privacy & Security track)
 - Volunteer (Organizations): Robin Code Turkey, Dreams Academy Istanbul, Hour of Code
 - Volunteer (Events): NeurIPS 2022 Outreach Programme, AI UK 2023
 - Academic Ambassador: Imperial College Business School's PhD Programme

Industry Experience & Summer Internships

| PhD Associate Intern, JP Morgan AI Research (London, UK) | Summer 2023 |
